Demonstrate Microsoft core values

Respect, Integrity, Accountability.

Behavioral Questions

- Describe a situation when you came up-to-speed quickly on new tools, methods, or processes.
- Describe a situation when you were able to accelerate your own learning curve on a project or assignment.
- Describe a situation when you sought out a new engineering or project/program management challenge beyond your role requirements.
- Tell me about a time when you sought out a challenging technical problem.
- Tell me about a time when you mentored others in your area of technical expertise.
- Tell me about a time when you had to learn a new technology. What did you do to gain expertise?
- Tell me about a time you had to deal with a difficult teammate
- Tell me about a time you had to motivate a team member to complete a task

Example questions for your interviewer

- What's your role?
- What team are you on/ what do you work on?
- What was your journey like, getting into Microsoft?
- Why did you choose Microsoft
- What challenges did you face during your career
- Do you work with interns?
- What does a day for an intern look like?
- What type of projects do interns work on?

Feel free to ask any question you'd like, interviews are meant to be a conversation.
